

HIGH STAKES IN PASADENA

DONS SEEK NATIONAL CROWN

EL DON

"WITH ONE AIM—TO SERVE STUDENT AND COLLEGE"

Volume XXXVIII Santa Ana, California, Friday, December 14, 1962 No. 13

'Greatest' Dons Face Hawks With EC Prestige At Stake

Santa Ana College will attempt to return lost honor and prestige to the Eastern Conference when the Dons meet Columbia Basin in the 17th annual Junior Rose Bowl game at 1:30 p.m. tomorrow.

In the 1949 renewal of the Pasadena classic, the

favoured Dons were defeated by Little Rock, Ark. 25-19. Since that cold, windy day of '49, the Eastern Conference has not had a representative in the JRB and has taken a back seat to the Metropolitan Conference.

Hailed by SAC coach Homer Beatty as "the greatest team I've ever coached," the 1962 edition of the Dons will be out to prove its national supremacy and re-

turn the Eastern Conference to the top spot in junior college athletics.

Impressive Credentials

Odds makers have ruled Santa Ana anywhere from a two touch-down favorite to a three point underdog.

Columbia Basin brings to Pasadena an impressive set of credentials. Undeclared in 18 straight games, the Hawks cracked 50 CBC records this past season.

The high scoring Hawks amassed 324 points while limiting their opponents to 47. Columbia Basin opened the 1962 season with a 20-7 upset win over Bakersfield.

Columbia Basin quarterback Mike Monahan was all Northwest Conference at Whitman and rates behind Santa Ana's Dunn Marteen among the best JC signal callers in the nation.

Basin Boasts Depth

Columbia Basin will be the first team that can match the Dons in depth. The Hawks are at least two deep in every position. The Hawks had 20 different backs carry the ball and had four quarterbacks to support Monahan.

Santa Ana's ground corps, led by Mike Anderson and Steve Ledbetter, average 264 yards per game compared to 281 for CBC. Santa Ana has a big edge in the passing stats with the Dons gaining 163 yards through the air per game compared to 90 for Columbia Basin.

Injured Marteen Will Still Start

"Dunn Marteen will definitely be our starting quarterback in the Junior Rose Bowl," assured SAC head coach Homer Beatty, spiking rumors that a fractured finger would sideline the All-American quarterback.

Marteen suffered the fracture on the middle finger of his right hand at practice Tuesday. He has had his right hand heavily taped since Tuesday and also made use of an ice pack.

Santa Ana's offensive attack

that had been primed for an aerial show may have to change because of Marteen's injury. Beatty emphasized that although Marteen's injury will hamper his passing ability, it will not affect his running effectiveness.

Ready to back up Marteen are veteran Don Orr and left-handed Dave Rios, both graduates of Santa Ana high. Orr and Rios are capable performers, but they are not Dunn Marteen. Few people are.

Elmer Ramsey Directs SAC's Largest Band

Everything's coming up roses as the 54 unit Junior Rose Bowl parade marches down Colorado St. in Pasadena tomorrow.

Starting at 9:45 a.m., the 17th annual Junior Rose Bowl parade will cover a distance of 1½ miles.

Bandmaster Elmer Ramsey will direct SAC's 80-piece marching unit, the largest in SAC history. The temporary 64-piece band will not enter into any competition in the parade.

Uniforms for the band had to be "begged, borrowed and stolen." So many new musicians caused a great shortage in uni-

forms. Obtaining matching uniforms was difficult.

Getting an early start, the band will leave school at 6:30 a.m. and participate in pre-game activities after the parade. All school bands will join in the "Star Spangled Banner" before the kick-off at 1:30.

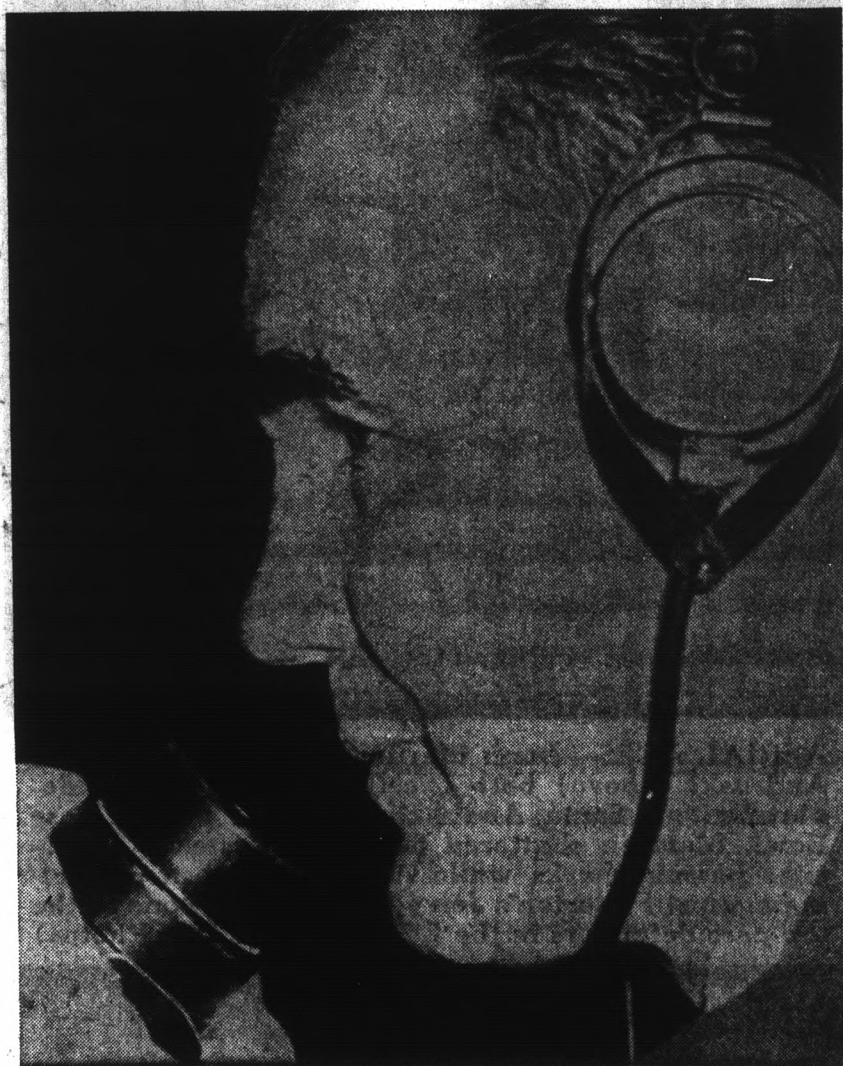

During halftime SAC's band will present a precision drill with a theme that will be undisclosed until game time. "This will be the most elaborate show we've ever attempted," said Ramsey.

SAC's band has been practicing its routines in three-hour sessions since receiving the JRB bid.

Going Bowling? Here's How

Don boosters going to tomorrow's Junior Rose Bowl clash between Santa Ana and Columbia Basin should take the Pasadena Freeway to Orange Grove, according to Pasadena officials.

After turning off, turn left over the freeway and continue north until signs and police take over direction to the stadium parking areas. Officials urge fans to allow ample time to arrive by the 1:30 starting time.

THE DIRECTOR — Homer Beatty, on the phones, will be shooting for his second Junior Rose Bowl win. The head Don coach directed the 1953 Bakersfield team to a 13-6 Pasadena victory over Northeast Oklahoma. Beatty is also unbeaten in three Potato Bowl appearances. (El Don Photos)

Beatty Cites 'Different' Columbia Basin Attacks

By Dave Distel
El Don Editor-in-Chief

"We plan to run pretty much the same offense, but the changes we make won't be too obvious," analyzed SAC head coach Homer Beatty on the eve of the Junior Rose Bowl clash with Columbia Basin.

Beatty, boasting an 81-13-4 lifetime coaching record, has juggled the blocking assignments in an attempt to capture his fifth straight bowl win as a coach. He has guided the Dons to a 16-game unbeaten skid and two consecutive Eastern Conference titles.

He points out that Columbia Basin will present different offenses and defenses than the Dons have seen previously this year.

"We don't know whether their defense has been tested yet," commented Beatty. "We will have to find out how well they execute it."

"Columbia's Iowa winged-T offense is completely different than anything we've faced," ex-

plained Beatty. "Chaffey's winged-T is the closest, but it isn't very similar."

Beatty feels the return of end Art Hatfield "should help us quite a bit." Hatfield's return saves Alan Medley for defensive duty.

"Splitting Hatfield also takes the pressure off All-American quarterback Dunn Marteen," claims Beatty. "If they double team Hatfield, Marteen can run. If they put one man on Art, Marteen will hit him."

Beatty said he would operate from the sidelines at the Rose Bowl. He said back coach Russ Chesley will be spotting from the press box. "He is a very important man, spotting strengths and weaknesses on the field."

As usual, Beatty's game plan calls for feeling out the opponent's defense early in the game to "find out how they adjust to different attacks." Later, the Dons exploit what is discovered.

Does the plan work? Santa Ana is averaging 40 points a game...

AERIAL ACES—Dunn Marteen (below) and Frank Andruski (above) both excelled in the passing department in Santa Ana's climb to the Junior Rose Bowl. Marteen shattered SAC and Eastern Conference passing marks while Andruski, shown protecting against Fullerton's Jerry Key (84) was one of the top pass defenders in the EC. (El Don Photos)

ALL AMERICAN QUARTERBACK—Santa Ana's triple threat quarterback Dunn Marteen will lead the Dons in tomorrow's JRB as coach Homer Beatty tries for his second win in the Pasadena classic.

Road To The Roses

Santa Ana's Junior Rose Bowl express traveled to Chula Vista for the opening game of the 1962 season stopping long enough to post a 26-0 win over the Southwestern Apaches.

Slowed down by injuries the SAC express still amassed 413 yards total offense with Dunn Marteen throwing touchdown strikes to Mike Anderson and Art Hatfield.

Santa Ana returned home for a three game home stand, blanking Citrus 47-0, Grossmont 48-0 and defeating San Bernardino 48-12.

Led by Mike Anderson, the SAC ground forces rolled up 329 yards and Dunn Marteen and Don Orr passed for 252 yards against the Indians as Santa Ana tied the EC total offense record set by Keith Luhnaw and company against Orange Coast in 1961.

Mt. San Antonio was the Dons' fourth shut-out victim, falling 41-0 after trailing only 8-0 at halftime. Dunn Marteen turned in another sparkling performance completing nine of 13 passes for two touchdowns.

Breaking a six year "jinx" at Riverside's Wheelock Stadium, Santa Ana blasted the Bengals 39-7 with Dunn Marteen eclipsing Keith Luhnaw's individual single game total offense record with a 290 yard performance.

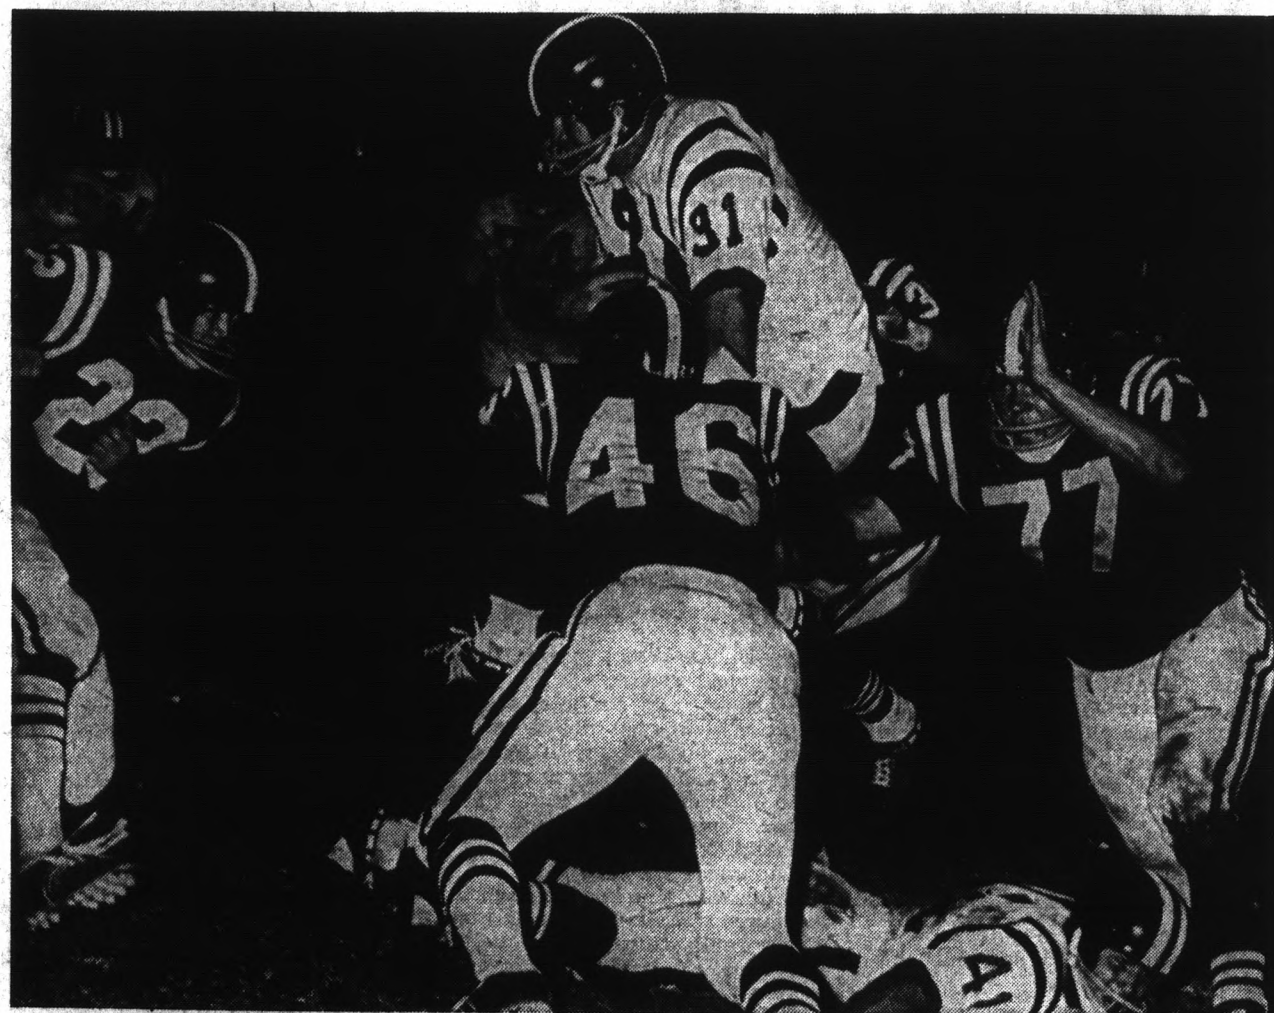

Returning home against Chaffey, Santa Ana scored an easy 43-0 win over the Panthers cracking five Eastern Conference records in the process.

Boasting identical 7-0 records, Santa Ana and Orange Coast battled at the Bowl the following week in a game billed as the most important in Orange County junior college history.

Holding a slim 7-6 lead at intermission, SAC exploded for four touchdowns in the second half to clinch its second straight EC championship and a possible Junior Rose Bowl bid with a 34-12 win over the Pirates.

Eight down and one to go. With a Junior Rose Bowl invitation hanging on their performance, the Dons outclassed Fullerton 36-12.

The rest is history with the final chapter to be written tomorrow at Pasadena.

BREA BOMBER—Steve Ledbetter, slowed down by early season injuries, came on strong in the second half of the season to be the ninth leading rusher in the Eastern Conference. He gained 473 yards in 83 carries.

Vikings Return Stolen Banner

Santa Ana College's original Rose Bowl flag is home at last. Allan Comp, ASB vice-president, reported Monday the banner honoring tomorrow's Junior Rose Bowl game was stolen by a band member at Long Beach City College.

Rumor of the theft from the Don flagpole three weeks ago spread to the Viking campus. The Dean's office said, "there would be no questions asked" if the flag was immediately returned to them.

Thomas Trawick, dean of students, said the flag was received Wednesday and will join the second Rose Bowl flag in JRB celebrations. Trawick said both flags will be used in tomorrow's parade along Colorado Ave. introducing and closing the SAC marching units.

ICC Approves Greeks, Skiers

Two new SAC clubs were approved for membership in Inter-Club Council at the last meeting.

Ski Club, a special interest club, was voted unanimous approval while Greeks, a service club, received one dissenting vote and one abstention.

Greek officers include John Pett, president; Greg Enriquez, vice-president; and Dave Distel, secretary. Greeks were formerly Delta Epsilon.

Officers for Ski Club are Dave Henson, president; Don Orr, vice-president; Patti Johnson, secretary; Karen Olsen, treasurer; Jeff Jolson, ICC representative; and Greg Johnson, transportation.

Ski Club members have planned a week-end ski trip to Mammoth scheduled for the first snow fall.

Rec Nite Due Rose Bowl Eve

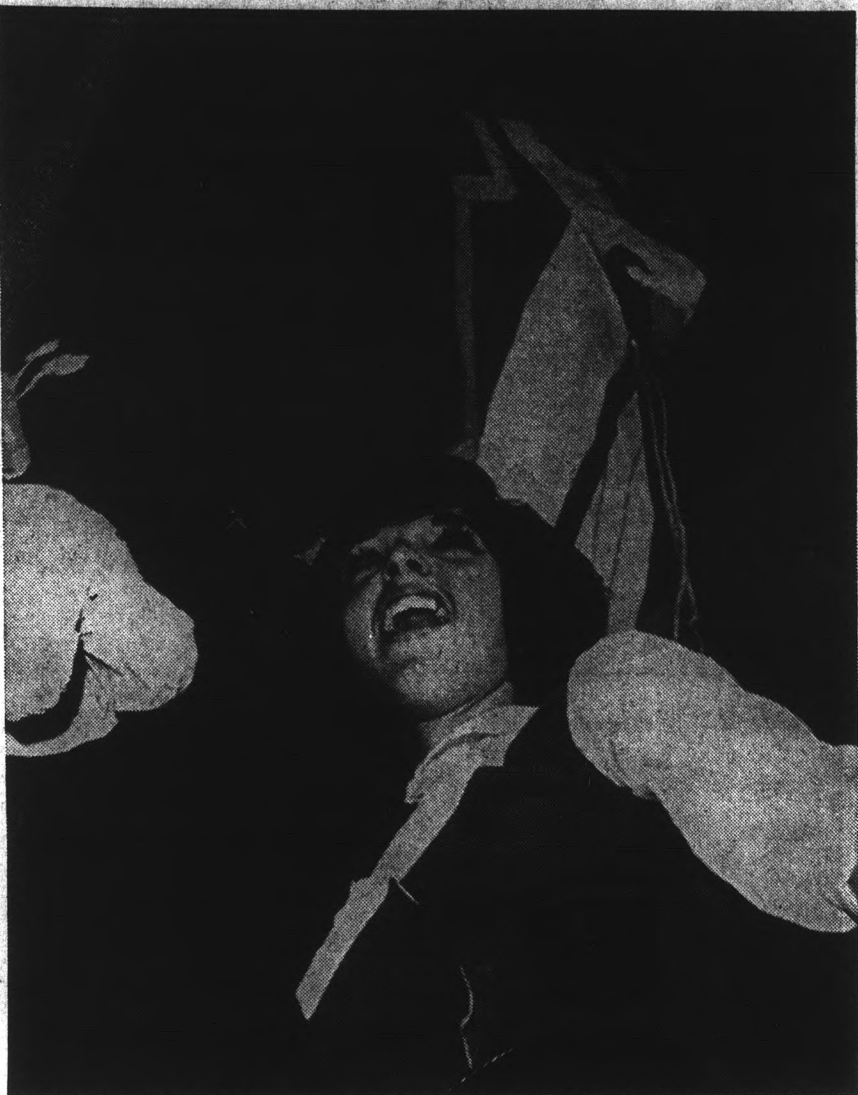

Complete with the Surftones and a rally, a "rec nite" will be held tonight from 8 to 12 in the Bill Cook Gym under the direction of Circle K.

Highlighting the event will be a pre-game rally to build enthusiasm and pep for the upcoming Junior Rose Bowl game with Columbia Basin. Song and cheer leaders will lead students.

Because of fire regulations, Greg Enriquez, commissioner of rallies, plans to have students carry torches instead of the previous planned bonfire.

Music will be provided by Dave Meyers and his Surftones. Students are asked to dress casually. Ping pong, volleyball and basketball will be provided for entertainment.

Committee members for the dance are Mike Treanor, chairman; Tom Polk, Circle K president; and Nan Bealer, A.W.S. president.

BIG BAD DON—Carole Bouchard, commissioner of publicity, appears with the giant Don used on a SAC float in the Santa Annual Frolic last Saturday. (El Don Photo)

Board Selects Firm For Education Survey

Odell, MacConnell and Associates were employed by the Santa Ana Board of Education Tuesday to make a depth study of the SAC campus.

Glenn Tabor, superintendent, asked the firm to make a survey from a programming and space use standpoint at a fee of \$5,000. An architectural firm will be appointed at a later date.

Dr. Bob Shuler, board trustee, amended the proposal to read "provided the junior college consultant used be acceptable to Supt. Tabor and Dr. John E. Johnson, college president, and provided the same consultant be used throughout the first phase of study to determine the most desirable program of education."

Dr. Johnson voiced approval of the Board selection, saying "there were many suitable firms."

Tabor said a desirable educational program should come before a space utilization study at Santa Ana College.

He divided the first phase — educational programming — into four subject areas. These will be investigated by the surveyed team:

1. Maximum class scheduling, to see if the 8 a.m. - 4 p.m. day might possibly extend to 7 a.m. - 9 p.m.
2. Possible extension of the five day week to a six day week.
3. An appraisal of maximum enrollment conditions plus an estimate on non-resident enrollment.
4. A comprehensive study to determine the maximum capacity of present facilities on the existing site.

Tabor indicated that once the proper educational program is decided, the Board can proceed with plans to hire a architectural firm and a space utilization study.

Dr. Johnson and Supt. Tabor said they will meet with Odell, MacConnell in working out the specifics of the survey. It will take an estimated four-to-six months to complete the study.

Odell, MacConnell, located near the Stanford campus at Palo Alto, was recommended for hiring at the Nov. 26 board meeting.

COUNCIL COMMENTS

Rose Bowl Thorns Prick Slim Budget

By Fred Kinner
El Don Feature Editor

Student Council this week was awakened to the fact that under the beautiful red petals of the Junior Rose Bowl there are a few thorns.

Warning council of the thorns was Lloyd Hamilton, SAC business manager, who advised council of possible hard times to come as far as the budget is concerned.

Hamilton's comments arose during discussion on council as to the feasibility of giving SAC yearbook Del Ano \$250 for a special Rose Bowl color page. When asked if such a plan was wise, Hamilton stated that the money would have to come from council's \$500 emergency fund.

He added that due to the Rose Bowl activities many campus organizations have incurred additional expenses that might have to be absorbed by the emergency money.

Concerned council members then voted 6-4-1 to appropriate \$125 to the yearbook.

A meager \$375 now remains in an emergency fund that is sure to be assaulted again and again in the near future.

If it can be said that, "the love of money is the root of all evil," then it is equally true that "the love of Roses is not the root of all money."

23 Candidates Enter Election Sweepstakes

Twenty-three SAC hopefuls are seeking signatures on ASB election petitions.

Signatures of 25 per cent of the full-time day students are required for anyone challenging ASB offices for president, vice president, secretary and treasurer. So far Mike Hirsh, challenging the incumbent treasurer Ed Rodevich, is the lone challenger for one of these annual ASB offices.

All ASB commissioner offices are up for re-election, requiring only 75 signatures. Lorraine Leahy, Carole Bouchard, Mary Ellen Moore and Robert Lawrence are the candidates for the offices of commissioners of assemblies, publicity, social activities and athletics respectively.

In need of 50 signatures each are Tom Hanscome, Warren Vining and El Don editor Dave Distel, all running for AMS president. John Cleveland is running for AMS vice president. Walter Grabe is running for AMS freshman representative, needing 35 signatures.

Candidates for AWS, needing 50 signatures, are Nanci Page for president, Kathy Freeman for vice president and Linda Purdy for secretary-treasurer. AWS candidates for freshman representative needing 35 names are Melinda Mitchell and Petrina Noor.

Candidates for freshman of-

fices are Mike Conklin for president, Victor Reed and Ed Saout for vice president and Carol Hanson and Lynette Gleason for secretary-treasurer.

Incumbent Dan Weaver is entered in the sophomore president race, along with Terry Minor for vice president and Nancy Newman for treasurer.

High Scoring Dons Face Stiffest Test

By Ralph Castaneda
El Don Sports Writer

After making a shambles of the Eastern Conference record book, Santa Ana College's backfield meets its stiffest test in tomorrow afternoon's Junior Rose Bowl clash with Columbia Basin.

Don backfield coach Russell Chesley feels he has a "good balanced backfield," to cope with the Hawk defense. The Don offensive threat is spearheaded by J. C. All-American and Eastern Conference player-of-the-year Dunn Marteen.

SAC's ground gaining forces are led by Steve Ledbetter, a second team All-EC selection, and Mike Anderson. Anderson ranked fourth in EC with 589 yards on 138 carries for a 4.3 per carry. Ledbetter after a slow start came on to rank ninth with

an average 5.9 yards on 83 attempts for 473 yards.

Dunn Marteen's aerial artistry and running ability gave him the total offense, passing and scoring titles in the EC.

Backfield coach Chesley stated his backs did a good job throughout the season. SAC's potent flock of runners combined to set a new EC record by gaining a total of 2,384 yards on 468 carries for an average of more than five yards a carry.

Marteen hit on 55 out of 90 passes for a 61 completion percentage. Marteen's 55 completions were good for a total of 1,027 yards and a new EC record. The Dons' fine receivers hauled in 17 of Marteen's passes for touchdowns.

Chesley commented that the Hawks have great depth but that he wouldn't trade any of his backs for Columbia Basin's.

Ready to back up Ledbetter and Anderson are Ken Tucker, Richard Rummel, Ernie Wehn and Paul Davin.

Hawk Defense Worries Dons

"Big, strong, mobile, with good ability and pursuit," was the description Santa Ana College line coach Bill Dutton gave of Columbia Basin's defensive unit.

Known as the "Gang Busters," Columbia Basin's defensive team gave up an average of only 113 yards per game. SAC's "Raiders," runner-up to Fullerton in the Eastern Conference, yielded only 171 yards a game.

Dutton stated the Dons are, "Impressed with the Hawks' defensive record and that worries them more than anything else."

Dutton said, "as a result of the outstanding work done by the Hawks, the Dons have done more work to move the ball against them, than on how to contain them."

Dutton was especially impress-

ed by the "Gang Busters" J.C. All-Americans Ray Johnson and Tom Hiedmark. Wes Austin, the Hawks' leading pass snatcher, was described by Dutton "as an excellent defensive safety man."

Les Muller, defensive guard and linebacker, and John Gregory, a defensive specialist, were also singled out by the Don line coach.

Dutton also said, "the Dons are facing a type of defense known as the split six and have had to adjust their blocking assignments." The Dons have yet to play against a split six defense.

Columbia Basin yielded only a stingy 558 yards rushing on 348 carries for a slight 1.6 yards per try. A battle royal should be in the making since the SAC backs averaged 5.1 yards a crack in the EC.

Strategy wise the Dons are out to exploit the Hawks' weaknesses in tomorrow's 1:30 p.m. date for the roses.

Moore Sees SAC Aerial Game As Victory Key

"Santa Ana's passing attack will prove the difference."

This is the opinion of Santa Ana defensive back and offensive end coach Myrel Moore in comparing Santa Ana and Columbia Basin for tomorrow's Junior Rose Bowl battle.

Columbia Basin's passing defense has limited opponents to 44 completions in 145 attempts and 10 interceptions. Moore says these statistics can be deceiving. Columbia Basin played in a conference that de-emphasized passing and also the Hawks have not met a quarterback the caliber of Dunn Marteen.

Moore also stated Columbia Basin uses a zone defense with never more than four or five linemen rushing. Santa Ana's

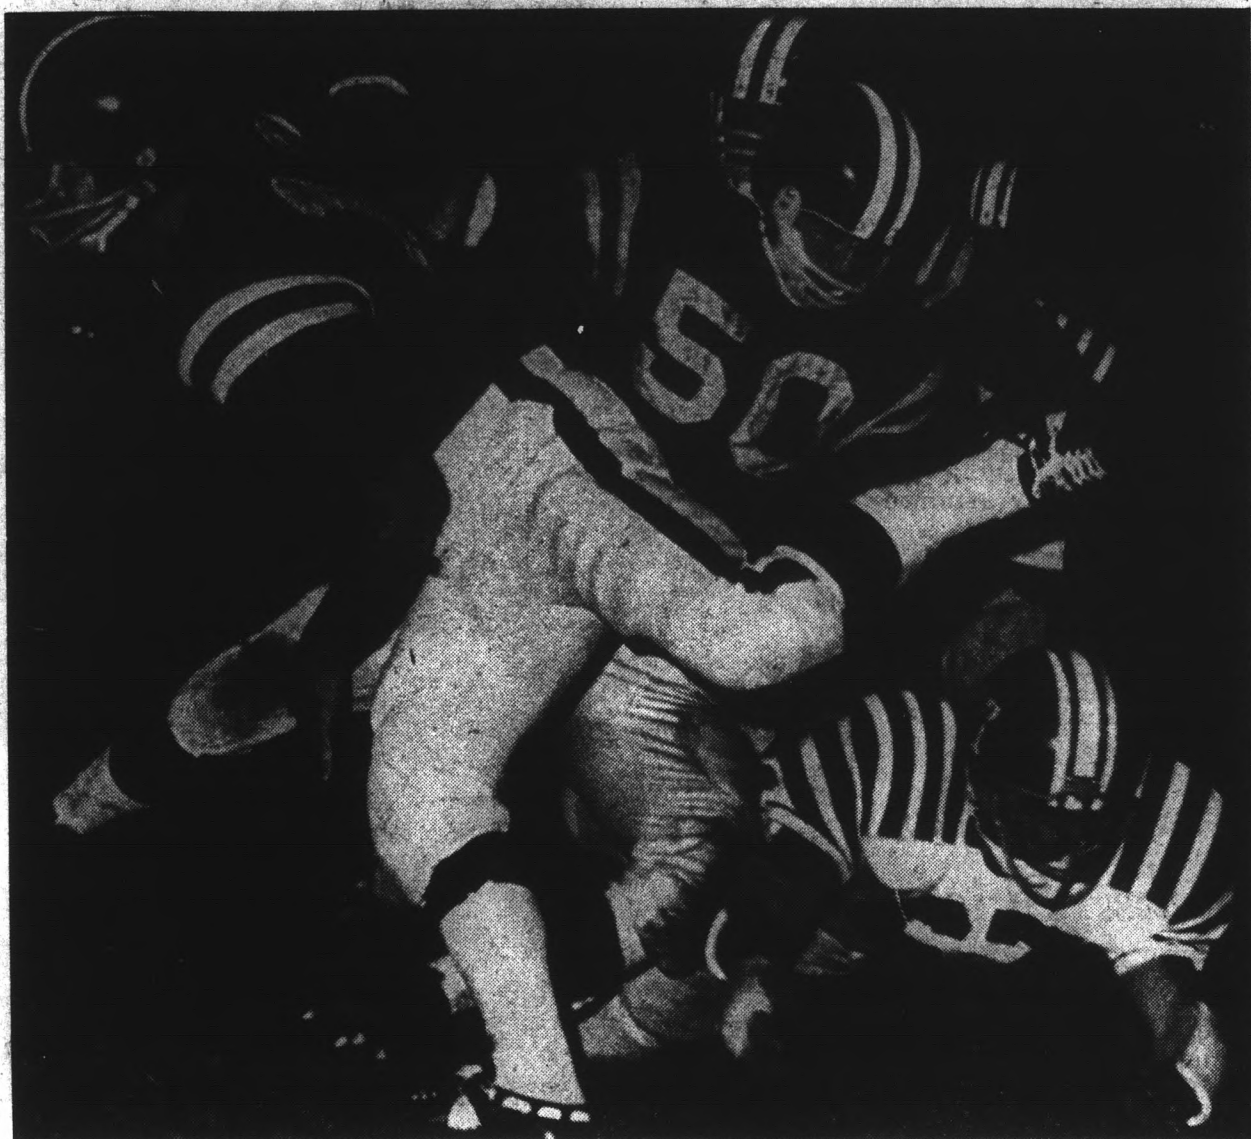

outstanding quartet of ends: Art Hatfield, Jim Williamson, Joel Ohlgren and Wylie Carlyle should take the Hawk's zone defense to their liking, according to Moore.

Columbia Basin passed only 84 times during the regular season but Moore figures the Hawks will take to the air more against Santa Ana rather than run against the rugged Don defensive line.

Defensive backs Frank Andruski and Ken Potter have the assignments of covering the Hawk's outstanding receivers Dave Morton and Dave Hansen.

Morton, who stands only 5-8, caught 18 passes for 321 yards and six touchdowns. Morton is a strong candidate for All-American honors.

Hansen, a transfer from the Air Force Academy, is employed at wingback where he poses a double threat as a runner and a pass receiver.

BOWING OUT—Topped by All American quarterback Dunn Marteen nineteen Santa Ana College players will make their final appearance in a Don uniform in tomorrow's Junior Rose Bowl.

SPOTLIGHT ON SPORTS

Marteen, Litzinger Rate All American

By Jack Yraceburn
El Don Sports Editor

All-Americans Dunn Marteen and Dick Litzinger, who for two seasons caused Eastern Conference coaches to have nightmares, have added Columbia Basin mentor Dwight Pool to their growing list of insomnia victims.

Marteen, 1962 Eastern Conference Player of the Year and Litzinger yesterday were named to the first team junior college All-American team announced by J.C. Grid-Wire of Pasadena.

Santa Ana placed two other footballers on the star-studded squad with tackle Al Medley being selected on the third team and guard Mike Brown on the fourth.

Columbia Basin coach Dwight Pool has likened Marteen to the Navy's Roger Staubach. It was Staubach who almost spoiled USC's undefeated season and its hopes of a national title.

"I see that Marteen in my

sleep," commented the 32-year-old coach when asked to comment on the Dons' All-American quarterback.

"There just doesn't seem to be anything he can't do, and he does them all well. Our boys will have to rely on continuous pursuit whenever he has the ball. But he makes that tough, too, because he often fakes to his backs going one way and then rolls out to the other. I tell you, it's a nightmare trying to figure out how to keep him contained."

"That number 65 (linebacker Litzinger) is murder on defense," Pool said. "I didn't believe a man as big as Litzinger, he looks bigger than the 190 pound program weight, could move as quick as he does."

"But it's Marteen that really disturbs me," declared Pool. "We've never met any quarterback like him."

Marteen and Litzinger are two of 19 Santa Ana players making their final appearance in a Don uniform. The last goal of these 19 Dons is to convert Pool's nightmare into a Santa Ana dream of Junior Rose Bowl victory and erase a 13-year-old memory.

The SAC football banquet slated for Monday night will now be held at the Orange County Medical Association Banquet Hall instead of the Student Union because of the large demand for tickets.

Vic Lindsag, a former SAC player and member of the Los Angeles Rams coaching staff, was to have been the featured speaker but had to cancel because of a previous engagement.
